

## **LIFE MEMBERSHIP NOMINATION FOR PETER HASELDEN**

**Peter joined Broulee Surfers Surf Life Saving Club in 2002, gaining his Bronze Medallion in 2003 and he currently holds 28 different awards. During this time, Peter has been an invaluable member of the club, holding a number of different positions on the committee and always being willing to volunteer his time to assist the club and members in general.**

**Peter held the position of Club Captain from 2004/5 to 2009/10. Peter adopted a very hands on approach to this position. As well as organising patrol rosters and life saving agreements, he was a constant presence in the club and on the beach, always happy to assist members in any way possible. When members were not available to do patrol, Peter invariably volunteered to do the patrol for them. This unselfish attitude has seen him accumulate 867 patrol hours since 2005. In this time he was rostered on for 388 hours. In addition, he was recently awarded his 5 year 100% patroller jacket.**

**Peter's contribution to the club is also seen in his organising a number of fundraisers, particularly trivia nights. These fundraisers have usually been for members or organisations who were in need of some assistance.**

**Over the past seasons Peter and Vicki have also run the Friday night bistro, an important fundraiser for the club and a position that takes a lot of time over many weeks.**

**Peter also ran the Clubhouse bookings for a few seasons, a position that is time consuming and involved liaising the public, meeting with them and then checking that the clubhouse has been left in order.**

**While not currently holding a position on the committee, Peter's contribution is ongoing and significant. He continues to do patrols and is a constant worker behind the scenes, cleaning the clubhouse, assisting in maintenance as well as organising the bar when needed. He can also be found ensuring that all ATVs and IRBs are refuelled and fuel is restocked.**

**Finally, Peter was also in the silver medal crew at the ASRL titles in 2009.**

**For these reasons, Peter Haselden is very deserving of life membership.**

**Mick Lambert**
