

WHAT'S HAPPENING ACROSS FSC BRANCH ...

ALBERT coming to FSC

The ALBERT program "Australian Life Boat Emergency Rescue Training" is a training program aimed at improving the skills of IRB drivers and crew, RWC Operators as well as training new drivers and crew. The program is about developing additional skills, practising rescue training, refining emergency response capabilities, increasing the number of active IRB teams and, above all, having fun.

This is the first time the program has been run in the Far South Coast and it's a great opportunity to meet new people and learn some new skills. It will be held at Tathra SLSC on the weekend of 20/21 October 2018.

There's a couple of last minute spots available if you email Sue Hunt at doafscsls@gmail.com

Leadership Forum - Grades 9-11

We're looking for expressions of interest from students in Grades 9 - 11 from Bega and Eurobodalla schools who are interested in getting more involved in emergency services. The forum will be held on 28th November at Narooma Golf Club and there may be an opportunity for Surf Lifesaving to be involved. The content is aimed at leadership and teamwork and each student will have tasks to complete to return to their school.

Email surflifesavingfarsouthcoast@gmail.com by 15th October 2018 with names and schools if anyone in your club is interested.

How to get your news in the Lifesaving Monthly Update

The FSC Lifesaving Monthly Update is intended as a way to get news and information out to all the Clubs across our Branch without having to send emails all the time.

If something is time sensitive I'll get it out to you quickly via email. If it can wait, I'll add it into the next monthly update. Minimising emails is one goal but I'd also like everyone to get a better sense of what's going on across the Branch. If you have anything from your Club that you'd like to share just email me the details. Photos are also much appreciated.

For now the mailing list includes Branch Exec and the President and Club Captain of every club. I'm hoping you'll be able to distribute more widely at your Clubs and I'd also be interested in your thoughts as to who else should be included. You can reach me at 0459-238-442 or by email at surflifesavingfarsouthcoast@gmail.com.

Thanks
Cheryl
