Congratulations to all those who have successfully completed these awards during the year. Members should ensure that their name is spelt correctly on all forms that they fill in. Don't trust your mates to be able to spell your name. Do it yourself. It is easier to get it right the first time, rather than trying to fix it later.

Your membership form is your responsibility. You should ensure that you have filled it in and submitted it prior to undertaking any surf club activities. It is your insurance, Please get it in early.

Congratulations to Peta Brooks for her participation in the state development program and to Bridget Edmunds for participating in the junior development camp. Well done girls.

**Presidents Report**

The 2000 – 2001 season has once again been successful for the Broulee Surfers Surf Life Saving Club.

The Excellent summer weather brought big crowds to our beach and our patrols carried out their duties very well, with no loss of life at our beach. The numbers in each patrol grew again this year. The club Captain Noel Brooks has done a very good job in organizing the Patrols

Our instructors lead by Mick Lambert did an excellent job in training the new members. Once again Bob Balcombe ran an excellent bar and Bistro assisted by his wife Yvonne and nipper parents with results again in good profits for the club.

With the introduction of the GST Rod Shannahan had a very busy year and as usual has done a great job with the club now registered for GST and an ASBN number. Well-done Rod.

Gordon Harris has also been very busy as secretary, registrar, barman, BBQ cook and running the Footy Tipping competition, all of which he does extremely well. However he has told me that he will not be standing for the two positions this year, so we need either a registrar or a new secretary. Thank you Gordon.

Peter Halpin and his very dedicated nipper parents have once again had a great season winning the handicap point score trophy for the year and were placed third over all.

The under fourteens, (who started off as nippers in the under sevens, when nippers first started at Broulee) presented the club with a clock at their presentation night. On behalf of the club I would like to thank these nippers for their presentation.

Once again Julie Shiels has kept the club very well dressed and presented at carnivals. Thank you Julie.

Gary Robbins has kept our IRBs in excellent condition and is working towards increasing the number of licensed drivers in the club. Well-done Gary.

Kim Griffiths has had a very busy year, gaining a grant for a new oxy viva, only to see the old one stolen along with a heap of other gear. The time taken to account for this is staggering. Thanks Kim for the great job that you have done.

Our club will only continue to run smoothly if everyone does something for the club. So thank you to everyone who has contributed in any way during this year. Thanks also to our sponsors for their generous contributions.

Thanks to Roberto and Tammy from Broulee Supermart for their donation towards the nipper uniform and the club.

I will not be standing for the position of President next year.

Justin M<sup>c</sup>Carthy

### Broulee Nippers Annual Report

The 2000- 2001 season was a very successful and enjoyable one for the children and their parents, despite the weather being a little discouraging at times.

The popularity of our beach and the desire to learn and have fun saw 133 kids register for the season drawing from near and far, and the roll up each Sunday what ever the weather, meant the kids must have been having a great time.

The importance of those happy faces cannot be underestimated as the aim of nippers is to train and encourage youth to join and participate in carnivals and ensure the ongoing strength of surf lifesaving. With this in mind, special congratulations to the ten of our nippers who went to the junior development camp at Wimbiri and gained their surf life saving Certificates.

The there local carnivals saw some outstanding results from individuals and teams alike and the third placing in the overall point score of the branch championships attests to the depth of the club and the developing skill levels that make ours kids competitive. With this in mind, it is amazing to see kids progress through the season from being unable/unwilling to go in Surf events to having a go as the season progresses. Without our age managers and water safety people this would not be happening and to all those people who give of their time so willingly each Sunday a huge thank you and truly well done!!

Seven kids represented Broulee at Interbranch and the highlight among many impressive efforts was the second place by Emma Robbins in the beach Sprint. At the country titles, Emma backed this up with a third and Ally Louttit, one of the eight competitors from three families that went, was magnificent with a silver medal in the beach sprint. Our kids sure can run, maybe it has something to do with the water temperature early in the season ?????

Brooke Louttit represented Broulee at the Southern States Development Challenge and by all accounts this is a great carnival to attend, friendly, challenging and rewarding. Brooke also underwent the grueling selection process fro Junior Lifesaver of the year, as did Andrew Edmunds. They were marvelous representatives for our club and certainly made it harder for the judges to decide the eventual winner.

Congratulations to all the new Bronze holders, well done to all of you. We need you and more like you! Many thanks to Mick Lambert and his merry gang of instructors for all the extra hours.

To Mick the Doorknock Appeal Coordinator, and all the senior and junior Club parents, and their children who assisted, great work in raising in excess of \$1000.

Many thanks to Broulee SuperMart. Roberto's generous sponsorship enabled our march past team to look utterly marvelous and Sun Safe. Great Work Lee Louttit for all the training. Broulee will be a force to be reckoned with next season.

Broulee was the host club for the Teens Carnival and a combined Junior/ Senior carnival. Both were outstanding successes, mainly thanks to the large number of people who helped out, whether at the Barbie or on the beach. Terrific effort!

The fun day with the Moruya Club was also a great success. Thanks to Moruya for coming and joining in so happily and to our members for making them feel so welcome.

Finally, to the people behind the scenes, Nev our caretaker, who will be sorely missed, sandy Greenwood who has grown so well into her secretarial role; Robyn Halkett, who did a great job as registrar and a very difficult job coordinating helpers for the Bistro; Julie Shiels, couturier (clothing organiser) Extraordinaire; Lisa Robbins, ace Reporter; Gary, Peter and Steve for all the odd jobs; Justin, Bob, Kim and Brooksy from the senior executive and all those I have not mentioned, who gave of their time and energy to make this a great season. Thank you and we hope we have you back next year.

Peter Halpin (Chairperson)

## First Aid Report

Overall First Aid this season was fairly quiet with the following injuries recorded by patrols in the log book:- 10 cuts, 13 marine stings, 1 spinal neck injury in surf & 9 other injuries eg. sprains.

Bum-Bags containing gloves, pocket masks and whistles were introduced this year as part of beach patrol equipment. This equipment is required for the protection of patrol members when first aid is performed on the beach.

During September an application was made to Surf Lifesaving NSW for a new Oxyviva under 'Gear Grants for Needy Clubs'. Our application was successful under the \$ for \$ category and the new Oxyviva was purchased at a cost of \$2,000 in total, funded \$1,000 by Gear Grant & \$1,000 by Broulee SLSC.

Our original aim was to have two Oxyvivas for the Club - one available for Patrols and the spare utilised either for training purposes or by Nippers at North Broulee Beach.

Unfortunately the season was marred by the theft of a substantial amount of equipment from the First Aid Room including the existing Oxyviva which left us without oxygen equipment for some time. St Johns Ambulance kindly loaned their "Oxysock" to our Club for carnival events and long weekends during the remainder of the season.

The loss to our Club from the theft amounted to the majority of contents of the First Aid Room and is estimated at over \$6,000 of equipment. The items taken were as follows:- Oxyviva, air bag resuscitator including all masks and components. 3 oxygen cylinders - one was later retrieved from bush near the Club House. Four St Johns First Aid Kits complete with contents. All spare oxygen masks and tubing. Two pocket masks. Two blankets and pillow. Assorted disposable first aid supplies. We are currently awaiting the outcome of insurance assessment which, hopefully, will enable replacement of most of the stolen items before next season.

Thank you to all Patrol Groups, Members and Office Bearers for your assistance with First Aid during the season.

Kim Griffiths  
First Aid Officer

### **Under 19 Boat Crew**

The crew started training towards the end of November when the last member gained his Bronze Medallion.

James Walsh, Ben Zeigler, Rhys Harris and Kent Oldrey made up the crew.

The first carnival in which they participated was at Moruya in the South Coast Boat Series. Here they took on mountainous seas and made it to the final.

Unfortunately due to a sweep oar or rowlock we had to withdraw from the final.

The crew then traveled to Forster for they country championships. Due the large swell and no will of the officials the boats were canceled.

Unfortunately due to health reasons, Kent had to withdraw from the crew and we were lucky to have gained Paul Bailey who transferred from Moruya to assist us in January.

All local carnivals were contested up to Branch where they finished in fourth place.

The final round of the South Coast Boat series was at Wollongong. Here again in large surf the crew qualified for the final and was placed in 5<sup>th</sup> place.

The crew competed in 10 carnivals including all, local, South Coast boat series, Country and State Titles.

This is a tremendous effort for a first year boat crew with most rowers either 15 or 16 years of age.

The boys trained four nights a week and rowed on weekends in an effort to catch up to the other crews with more experience.

The boys and girls have already started training and are looking forward to another season of rowing.

Tony Dale.
