# ANNUAL REPORT 1984-85

S.L.S.C.

A G E N D A

FOR

A N N U A L   G E N E R A L   M E E T I N G

TO BE HELD

2 P. M. SUNDAY, 7th. JULY 1985, AT THE SURF CLUB HOUSE

You are cordially invited to attend.

1. Opening of the meeting and welcome given to Members and Visitors by our President, Ian Loudon.
2. Apologies.
3. Minutes of the Annual General Meeting held on 8th. 7. 1984 for confirmation.
4. Business arising from Minutes of 1984 Annual General Meeting.
5. To receive and consider the Annual Report and Statement of Finances.
6. Election of Officers and Committee for 1985-86 Season.
7. To deal with any urgent general business.
8. To consider amendments to the Club's constitution.
9. To set membership fees for the 84/85 season.

The meeting will be followed by a Club Social. The Club will provide drinks and snacks.

The Club house is nearing completion now , so come along and see how the dedication of the club members has produced such an outstanding building.

<u>BOAT CAPTAIN</u>	Barend Haantjens.
<u>RESCUE OFFICER</u>	Greg Pay.
<u>PUBLICITY OFFICER</u>	Vacant.
<u>RADIO OFFICER</u>	Vacant.
<u>ASSISTANT SECRETARY</u>	Vacant.
<u>HONORARY SOLICITOR</u>	Kennedy & Cooke.
<u>BRANCH DELEGATES</u>	Graham Smith & Mal Hay.
<u>LIFE MEMBERS</u>	Kel Wehner & Jim Cooper.
<u>BUILDING COORDINATOR</u>	Steve McKibben.

S E C R E T A R Y ' S  
R E P O R T

The past year has seen many achievements for the Broulee Surfers. It has been a year of settling down to finish the job we started out to do 6 years ago, that is, to establish a Club House in the most advantageous & obvious location.

It has been a long, hard struggle, but that is what has made it all the more worthwhile. The original members couldn't have imagined the effort that would be required but it's probably just as well.

With the aid of another Grant made available to us, an amount of \$7000, we have been able to bring the building to a stage where the upstairs area is almost completed. There is still more to be done to finally finish the building but the pressure has been released.

I would like to thank the Executive of the NSW State Centre, as well as the National Council, for their assistance in helping us to obtain a Grant from the Dept. of Sport & Tourism. This Grant is made available to Life Saving each year by the State Government to assist Surf Clubs who are building new clubhouses.

This is the second Grant we have received from the Dept. of Sport & Tourism, the first being \$10,000. This money helped get our clubhouse off the ground. Without their assistance and the guidance of State Centre we wouldn't be anywhere near finished.

While I'm thanking people, I would like to mention all of the people who have assisted with money, materials and labour. Of course the number of people is too great to mention here, but our clubhouse is a tribute to you all.

As the Club Secretary I have come in contact with all facets of Life Saving. It has been an interesting year, the elected Committee has remained intact and worked together as a team. My job was made easier by the assistance I received from our Committee, everyone has taken their job seriously, I would like to thank everyone involved.

Our winning of the Branch IRB contest yet again showed that we are still a force to be reckoned with, although I must admit Pambula did give us a bit of a scare this year,

Special thanks must go to Dave Connoughton yet again. Dave has been our main source of income, this year his Rages raised \$3670 for the Club.

Graham Smith

Honorary Secretary.

FINANCIAL REPORT

1984 - 85 Season.

This year has been marginally more successful financially than last year. The Club has managed to reduce its bank overdraft substantially and still meet its commitments.

The last couple of months has seen a great deal of building activity on the Clubhouse, due to a \$7000 Building Grant from the NSW Surf Lifesaving Association. There is now an end in sight to the completion of the Clubhouse and it will be an asset to the Club and the community.

There has been very little social fundraising, except the bands organised by Dave Connaughton. This is an area that needs to be revitalised to inject some much needed funds into the kitty.

I have enjoyed my term as Treasurer and wish the incoming treasurer well in this position.

ANNETTE WENSING

TREASURER

## Club Captain's Report 1984/85 cont'd.,

The shortage of experienced patrol members did occasionally limit the depth of knowledge within Patrols. If we can retain a greater percentage of our present members at the beginning and throughout all of 85/86 season while introducing regular informative refresher back-up training on the proficience requirements I am sure we can maintain and extend our present standards.

Many of our new members are keen on becoming involved in Branch competition which requires them to fulfil certain patrol regulations to be a qualified entrant. This can only further assist our club as I feel sure interest in these activities will strengthen our Active membership numbers.

If the more realistic system of Patrol hours, set down by Branch, continues and we can increase the number of active members from the 28 that completed the season then for the first time we may gain a better break btween patrols.

Again I take this opportunity to thank all active members for giving up their own and their families time and look forward to their's and the communities support during the next season.

Yours in Vigilance and Service,

*Freeman*  
.....  
TERRY FREEMAN,  
CLUB CAPTAIN.

## CLUB CAPTAIN'S REPORT 1984-85

Another successful season ended on Easter Monday, 8th April, 1985 after more than six months of vigilance and service by our active members.

The club commenced the season in October with only thirteen active members requalified.

Thankfully the Far South Coast Branch realistically rationalized Patrol requirements for the 84/85 season. We were therefore able to satisfactorily fulfil Surveillance Patrol requirements during October, November and December until the first group of new members had completed their bronze medallion training.

Even the dedication of these requalified members would not have been able to carry the club through a full season of beach patrol.

Obviously without the Club Instructor, Greg Pay, and his untiring efforts to train new members our club would not have been able to meet our responsibilities in providing qualified lifesavers on our beach.

The part-time use of the MAD GEAR 4WD allowed for a reduction in the minimum number of members required on full patrols (very necessary, for our club to have sufficient patrols available).

Over 800 voluntary hours of service were given by our active members. Their careful surveillance saw only the need for six people to be rescued and many others were warned as members took preventative action. First Aid assistance for minor abrasions, blue bottle stings etc., being rendered to the public.

Christmas, New Year and Public Holidays creates the most difficult period, as all members time is heavily taxed.

The communities assistance was and is greatly appreciated at these times. If you can assist next season in any way please inform the Club Captain of your availability.

Although not doing as well in the Far South Coast Branch Patrol Efficiency Competition as we did in 83/84, when we won, we generally maintained patrols of a high standard.

## BOAT CAPTAIN'S REPORT 1984-1985

The last season saw a large intake of new active members who were hot to try their hand at a bit of hard rowing, under the guidance of Gus McDonald. I wish them all the luck in the world as they will most probably need it when coming down an 8 foot South Broulee wave. I prefer to stay with the I.R.B., as there are many more options available to the crew of an I.R.B. in a similar position. I hope a few of these new members will become proficient in the operation of the duck and obtain their licences. They will never regret it.

Recently this club sent a five man I.R.B. team to the Pambula Carnival, who were the host club for the Far South Coast Branch I.R.B. Championships. Our Club has been host for the last two years, and this year we have been happy to have another club to host it. This has taken our "home beach advantage" away from us and made the competition alot harder. Also the Tathra S.I.S.C. turned up on the day with a brand new solid fibreglass hull I.R.B. and motor. We were also told that Pambula club had been in training for some time and they were a very competitive team to beat.

The day turned out a good one, despite the late start, with a crowd of spectators who were not to be disappointed. There was heaps of action from start to finish. Our team won the overall event by a mere 1 point from Pambula who were a bit too close for comfort. It was disappointing to see that Moruya was unable to send a team, so reducing the clubs participating from 6 to 5. Anyway the day was a huge success and everyone enjoyed themselves to the utmost, especially our fearless patients Allan Broomby and Mark Tessyman, who, I am sure learnt a great deal from the event. They came back with such enthusiasm that they started training for their licences as soon as they returned. Many thanks to them for their participation and interest. I am sure we are all looking forward to the next carnival.

Throughout the patrol season, the I.R.B. was always kept ready for use and if the condition of the beach warranted, it was taken to the waters edge ready for use by licenced drivers on patrol. The presence of the I.R.B. on the beach gives the swimmers added security and it also makes rescue work much easier. It would be great if a few more members started training for their I.R.B. licence and if anyone is interested they should contact me.

Thanks must go to all the workers on the near completion of the clubhouse in providing cover for the duck, so it can always be kept in readiness for all emergencies. So far we have a pretty good track record, so let's keep it that way. Summing up, I can still say that we have the most efficient I.R.B. team on the Far South Coast, and I would like to see it remain so in future years. All the best in boating..
