## HONORARY SECRETARY'S REPORT

Firstly may I thank the many committee members who have made my first year in this position so much easier.

At the risk of omissions I wish to highlight some of the achievements of the 1988/89 Season which have contributed to the successful year of our Club.

1. The Club moved from strength to strength with - 101 - financial members.
2. We gained -59- life saving awards, the largest number in our Branch. Congratulations to John Gale and his assistants for a stirring effort in this area.
3. Our surf carnival in January was an outstanding success-weather, competition, surf and our club results were all excellent. James Hayward and Mark Edibone were chosen to represent in the F.S.C. Branch Team at the Interbranch Championships at Manly.
4. The \$ for \$/Carter's Store I.R.B. was successfully launched at the Broulee Carnival. We also had the presentation of a Competition Board from the Smith Family of Broulee Beach Caravan Park. This was followed more recently with another Board donated by Meg and Ken Filmer of " Caraluki " Holiday Apartments.
5. During the season the final incorporation of the Club was effected - thanks to Nick Dixon for organising it and to Maree Freeman for typing the many pages.
6. The Patrol Competition was successfully organised by Lionel Franks - the winners ' G ' PATROL with John Shiels as Patrol Captain will soon be enjoying themselves in the snow. Well done everyone !
7. At the May Committee Meeting two Club members were unanimously chosen for a new and special Award:-

(a) " CLUB MEMBER OF THE YEAR "

LIONEL FRANKS

(b) " YOUNG ACHIEVERS AWARD "

JAMES HAYWARD

Their names will be placed on new Honour Boards in the Clubhouse.

8. A new sponsor was gained by the Club in the form of WIN 4 / A B C INDUSTRIES / COMMONWEALTH BANK. From them we acquired a new fully fitted out surfboat. This boat will no doubt receive a high profile in the forthcoming GEORGE BASS SURFBOAT MARATHON in January 1990. Hopefully we will be able to field more than one crew in this prestigious event.
9. The influx of Canberra members under the guidance of Bert Hunt has contributed greatly to the Club, especially in easing the frequency of patrols which members experienced in previous years. Welcome to each and every one of you.
10. On the social side Broulee have had many enjoyable Sunday Bar- B- Q's. We now have an improved facility - a new 'flashy' gas Bar- B- Q. Many thanks to Ted Cootes for organising this.
11. The January Doorknock was very successful in gaining us much needed funds - the weather was on our side and so was the local community.
12. Finally two very important grants have come our way.
  - (a) Broulee Surfers through hard work in 3 Areas -
    - Patrol Competition
    - Patrol Skills
    - Awards Incentives
 were the proud winners of the Mayne Nickless I.R.B. and engine.
  - (b) Our application for a Capital Assistance Grant of \$10,000 was successful. This will enable us to complete the Clubhouse to a higher standard.

Claudia Dixon  
Honorary Secretary

#### GEAR STEWARDS REPORT

We've had a good 88/89 Season. We gained two new paddle boards, one from Ken and Meg Filmer of 'Caraluki' Flats and one from the Smith Family of Broulee Beach Caravan Park. This will be a good start for the 89/90 Season. Now there are 3 workable paddle skis for training any member and one ski for competition only. We've recently purchased a second hand ski for \$500 from David Franks. We also received a gear trailer from G. Tait and K. Pahlke of Moruya. Repairs came to \$100 a ski which was repaired by Holloways of Mogo. Necessary gear for the coming season will be :

- torpedo tube
- caps
- Patrol flags

Colin King  
Gear Steward

## TREASURER'S REPORT

The 1988/89 season has been extremely successful from a financial point of view. With some generous sponsorship and successful fundraising ventures by members the Club has been able to meet its regular commitments and also purchase a great deal of new equipment.

Fundraising ventures have included a doorknock of the Broulee and Mossy Point areas and a "Winter Escape" raffle both organised by Lionel Franks. Carters Broulee organised a Trailer Fund to buy a trailer for the new IRB.

Sponsors have again been very generous. This year's sponsors have been Seaview Caravan Park, Carters Store, TWT Ltd (WIN TV) and Tooheys, who provided funds to run the Carnival in January.

Due to this fundraising, sponsorship and donations the Club has been able to purchase over \$20,000 of new equipment. This includes a Rubber Duck, two motors and a trailer, the WIN TV Surfboat and oars, a trailer and oars for the Seaview Surfboat and two Rescue/Competition Boards.

Next season will see more work being completed on the Clubhouse with the aid of a \$10,000 Capital Assistance Grant.

This year has been very rewarding for the Club and I trust the Club will continue in this way.

#### CLUB CAPTAINS REPORT

This Club is going from strength to strength. The 1988/89 season has seen a dramatic upturn in membership, participation and club spirit. All section of the Club in their own way, contributed to the best season a small club could possibly hope for with a record - 8 - patrols comprising a minimum of 6 active members in each. In my area of responsibility - 63 - members were capable of patrolling the beach and this again led to some more amazing statistics. e.g. - a total of 7 rescues allup for the season

- a win in the combined patrol efficiency competition for Branch.
- a fierce competition (internal) for the patrol of the year.

This says a lot about the structure of the Surf Club and the dedication of the people committed to making it a success. Everyone within the club has gone out of their way this year to ensure that the Surf Clubs good name stays on top. I refer to the strong working team within the ranks. Four people I wish to openly thank are Lionel Franks, a tireless worker for the Club who envisages a goal and strives long and hard until that goal is achieved and then outlays the next to be sought for. Robert Suter who I feel is a modest but hard worker for the Club. The I.R.B. section has trebled in Craft number, the old trailer seriously overhauled, a new one obtained. John Gale kept churning out new Bronze Medallion members and other Awardees so that the patrol roster could be boosted. Terry Freeman although not around a lot could be likened to the BP petrol conglomerate - " the quiet achiever." His helmsmanship has calmed and controlled the Club to a safer destiny.

I will admit that my portfolio has been more of a team effort than one of singular control. My work and degree course take time to achieve and I try hard to give the Surf Club any time I can spare. If elected next year I hope that

as in 1988/89 all members will harmonise to form a strong unity and achieve the common goal of living, enjoying and saving at Broulee Beach.

CHIEF INSTRUCTORS REPORT

Fellow Members,

We finished the season off well with two new members gaining their S.L.S.C. and our A.R.C. holders requalifying on the Air Bag and with Nick Dixon gaining his A.R.C. Instructors Certificate.

The 88/89 Season was a good season for the club with respect to members gaining various awards predominately Bronze Awards. I'd like to thank those members for making the task of Instructor much easier because of their willingness to learn and their attitude in attending instruction classes. I'd like to thank Lionel Franks for giving me invaluable assistance and direction this year. Hopefully to help with instruction we'll have a few more training officers next season.

See you all next season.

John Gale  
Chief Instructor

BOAT CAPTAINS REPORT

In the 1988/89 Season, the Broulee Club was fortunate in receiving two boats, plus oars, through our generous sponsors - thanks .

With the addition of Bert Hunt and the lads from Canberra to the club, they have shown to be an inspiration and a great asset to us all.

I would like to thank all the rowers for making it an enjoyable saeson and hope to have more fun in the coming season.

Yours sincerely  
John S. Shiels

## PRESIDENT'S REPORT

The past season certainly has been one of growth. I concluded last years report by saying that as our members work together the Club continues to go forward, and this season has proved this to be true.

It has been the first season to my knowledge that the Club has been able to maintain a favourable financial balance. Many factors have made this possible:-

- A keen committee
- Continued support from local sponsors
- A door knock appeal
- New sponsorship - including Club raffle
- A large increase in active and associate membership
- Subsidy assistance from the Australian Government through State Centre Grants
- Carnivals (where the fine weather gods were on our side)

In a year of many achievements the members who make up our committee deserve our gratitude and recognition for a job well done. My role as President has changed as the organisational skills and efficiency of the 88/89 Executive and Committee set about their responsibilities. Congratulations and thanks to all.

It would be remiss of me not to extend a special thanks to Lionel Franks. As Vice President his assistance to all and total involvement in all facets has been untiring. In recognition of his efforts The Committee takes a great pride in nominating him as the inaugural recipient of the Broulee Surfers S.L.S.C. Club Member of the Year Award.

The charter of all Surf Clubs is vigilance and service and its to those active members and their families who give up their free time to voluntarily patrol our beach we must be grateful. Without their commitment a Surf Club does not exist.

This year saw the introduction of a Club Patrol Efficiency Competition with the winning Patrol members receiving a weekend in the snow country as recognition for their extra efforts. Congratulations "G" Patrol.

The care, efficiency and responsible manner in which our Patrols carried out their duties is recognised by our high standing in all areas of this seasons Branch Patrol Efficiency Competition. This coupled with our Training Officer and his assistants encouragement to all members to gain awards has seen our Club win the Mayne Nicholas sponsored Branch Competition. Prize being I.R.B. and motor. Well done everyone.

Numbers in competition continue to increase and so our colours increasingly appear at all carnivals and in the winners circle. Two competitors gained selection in the Branch Team. James Hayward and Mark Edibone. James Hayward in recognition of his efforts is our first recipient of the Broulee Surfers S.L.S.C. Junior Achievement Award.

The many and various social functions saw an increase in attendance throughout the year. We look forward to the continued improvement of all club facilities in and out of the water for the enjoyment of all members. As the building grant had been delayed and only arrived during the past month my hopes for the completion of our Club House awaits the coming season.

A great year breaking new ground brings the promise of bigger and better things for us all.

To all those involved with Broulee Surfers S.L.S.C. - WELL DONE.

.....  
Terry Freeman,  
PRESIDENT.

#### BRANCH TEAM REPORT

Branch Team Manager Alan Head and Branch Team Coach Eric Henderson made the following comments on two of our Club members who participated in the Interclub Championships held in Manly in February.

" Mark Edibone's experience and skill as a surf swimmer, and his willingness to pass these skills to other Branch Team swimmers netted the Branch good points in all Surf and Belt swims.

James Haywood's first time in Sydney Competition showed him exactly what its all about in Surf swims. His own determination and with hints passed on to him by Mark, James came out of his first clash with the " big guns " exceedingly well. He has a good future within this Branch as well as out of it.

Once again our congratulations to Mark and James, they both fitted in well with other team members."

Eric Henderson ( Coach )  
Alan Head ( Manager )

SPONSORSHIP

FROM THE MOORINGS TIME SHARE RESORT

DELUXE COACHES OF AUSTRALIA

TORAGY TRAVEL MORUYA

was gratefully received and enabled us to put together a holiday package worthy of a major competition. Held from January 15th until April 2nd, the July weeks holiday at Club Noosa was won by Anna Bebek of Florey A.C.T.

Anna purchased her \$1 winning ticket on the beach on our Carnival day which was the day our competition was launched. Members who sold just under 2000 tickets can feel justifiably proud of their deeds, not only because they raised much needed funds for our club, but also, because they returned due recognition through publicity, to the sponsors of the Winter Escape Holiday.

Not left out of events, the younger members of our community keenly competed in a Deluxe Coach Colouring Competition. Some rather unique colouring schemes have been forwarded to Deluxe as evidence of the competition. Winners received cash prizes as well as a ticket in the holiday draw.

My sincere gratitude to Brian Weekes ( Moorings ), John Jeziorny ( Deluxe ) and Odette O'Neill ( Toragy ) for assisting our club in such a magnificent way.

Many thanks again to sponsors and members - hopefully we may combine again on a future occasion.

Lionel Franks  
Vice President

KNOCK KNOCK KNOCK ! SUNDAY JANUARY 29TH '89

Perhaps the only way to make our Doorknock Appeal more successful than it was is to hold it earlier in January and have more Knockers with larger labelled buckets.

Of course, you know that I mean Knockers of the worthwhile variety and not the other kind. Still, with a dozen members armed with a container, a sunny day and a generally willing

Broulee and Mossy Point community the event was organised, staged and concluded in remarkable style with reassuring results. Well almost concluded that is; rumour has it that a certain north Broulee member may still have to call on nearby residents for their pledge. ( He is going to start earlier next time! )

Almost \$ 1 100 went into our coffers from this exercise and I believe that monetary gain is not the only reward to be achieved from same. It does give our supporting public an opportunity to see our members away from the beach, to praise and to express their own feelings towards our club and members. Now that we've held the first one let's ensure that it happens again. Congratulations on a task well done!

GOVERNMENT      GOVERNMENT      GOVERNMENT

It's not that often (if at all) in our conversation that we praise the efforts and assistance of governments. Generally we might be more inclined to fire a broadside from a fairly safe position. I have been guilty of this also.

It is true that, the three levels of government and our governing bodies - South Coast Branch and N.S.W. State Centre have assisted us greatly in various ways this season. It is true that we expect such assistance and we are grateful in having received help.

\* LOCAL GOVERNMENT has assisted us with our clubhouse (plans) a yearly grant and the provision of some equipment to conduct this year's Broulee Surfers Carnival. ( Broulee Bushfire Brigade rendered much assistance as well). It is pleasing to see this and we thank Eurobodalla Shire Council.

\* As I write, we have just received N.S.W. State Centre acknowledgement of a \$10 000 grant to improve our clubhouse facilities. This money, like previous grants to the club has been allocated by the N.S.W. State Government. What a difference it will make to our unfinished facilities. We thank them also.

\* THE AUSTRALIAN GOVERNMENT is responsible for providing half the funds for our new I.R.B. without this 50% subsidy a new 'Duck' would not have arrived as early as it did. Of course without the Carter Family funding of the other 50% and interim assistance it would not have arrived at all. (Carters also started the collection for the new I.R.B. trailer, donated various prizes for club raffles and supplied the club's functions with refreshments at very generous prices). Well done ! Who said government and private enterprise cannot pull together ? ? ?

\* Finally I thank all South Coast Branch Officials for their assistance; in particular, Eric Henderson, Dave Pheeny, Mark Budworth, and Les Evans for inspections for Club Awards; Bronwyn Afflick, for Patrol Inspections; Myril Bunt for processing our awards, Carnival entries, application to N.S.W. State Centre and just about anything else you can think of. Arthur Bunt must be thanked for providing Branch gear and assistance for our successful carnivals.

Notwithstanding this, I thank all members who did their job and who assisted me in my position as Club Vice-President.

Lionel Franks  
Vice President

PATROL COMPETITION - IN CLUB INTER PATROL

It is very fitting that funds raised by members through the Winter Escape Holiday, not only enabled the purchase of a reasonable 2nd hand competition ski, among other things, but they also provided an interesting prize attainable by all patrolling members at the conclusion of the Patrol season on April 2nd.

I was particularly keen to see such a competition work. I thank members and especially Patrol Captains for accepting the challenge, having a go and thereby doing something worthwhile for themselves, fellow members and in particular the beach going public.

The Competition was alive and well in all areas, i.e.

Meeting and Patrol attendance

Awards gained throughout the season

Member co-operation and participation  
(e.g. Carnivals, Doorknock, Ticket selling )

Club house cleanliness and organisation

And of course Patrol Efficiency and Inspection.

Results were amazingly close until the end and could have seen - A -, - F - or - G - Patrols off to the snow in July.

- G - Patrol pulled ahead on Sunday April 2nd to snatch the winner's accolade from - F - Patrol. Congratulations to John Shiels ( Patrol Captain ) ' Colonel ' Hogan, Kerrie McGahey, Colin King and Adrian Wright ( both Kerrie and Adrian having their first season with us ).

Their prize will be enjoyed on the weekend of July 28th, 29th, 30th at the High Country Hideout Jindabyne, where, together with other paying club members, they will have the lodge to themselves for the weekend. Other attending members ( and family ) include Keith and Ian Armstrong, Robyn Legge, Ken Filmer, Ross and Roz Hayward, Gary Carter, Peter, Adam and Bethany Smith, Julie Shiels, Julie King, John Gale, David and Lionel Franks.

With the first competition over and won, it is to be hoped they will continue and prove to be continually beneficial to the club and members. Thanks again for your co-operation.

Lionel Franks

I.R.B. CAPTAINS REPORT

I am happy to report that we now have , through our generous sponsors Carters of Broulee a new I.R.B. (Inflatable Rescue Boat ). During this past season Broulee competed and won the Patrol Efficiency Competition held by the Far South Coast Branch. By winning this competition we now have another new I.R.B. and motor. Broulee Surfers S.L.S.C. now has one 8 year old I.R.B. and two new I.R.B.'s and 3 new motors consisting of 2 Johnsons, 1 Tohatsu and a new tracer trailer. I would like to thank all the members who competed in the competition and made it such a successful venture for our Club.

Special thanks must be extended to Tony McKenzie for his support with the servicing and maintenance training for our new motors over the 88/89 Season.

The Regional I.R.B. Carnival held on Broulee Beach was a great success. Broulee got into the finals of the - A - Grade Assembly Race and came 4th, this was a great achievement for an inexperienced crew and one which can only be improved on next season. I would like to thank all the competitors and all the Club members who worked so hard on the day.

Patrols ran well this season with 2 boat rescues, 20 preventative actions and 1 cliff rescue at Burrie Pt, all performed by the I.R.B. We have 3 newly qualified I.R.B. Drivers P. Halpin, N. Dixon, C. King. As well as two new I.R.B. Instructors - R. Suter and L. Franks.

Finally I would like to thank Lionel Franks for his help over the season and wish all other sections of the club good luck in the forthcoming season. I also advise I am prepared to be I.R.B. Captain for the 89/90 Season.

If any of our members would like to be involved in I.R.B. crewing, driving or competition, please ring R. Suter on 743506 (AH).
