

# **BROULEE SURFERS S.L.S.C. INC.**

## **16th Annual Report**

**1995**

# **Broulee Surfers Surf Life Saving Club Inc.**

Notice is hereby given that the 16th Annual General Meeting of the Broulee Surfers Surf Life Saving Club will be held in the Clubhouse on Sunday, 16th July, 1995 commencing at 1-30pm.

## **AGENDA**

1. Welcome to Members and Guests
2. Apologies
3. Confirmation of the Minutes of the 15th Annual General Meeting
4. Business Arising from the Minutes
5. Confirmation of the 15th Annual Report and Balance Sheet
6. Election of Officers for the 1995-96 Season
7. Notices of Motion (of which due Notice has been given)
8. General Business -

The following items are referred by the Committee:

- 8.1 Representation at Championship Carnivals
  - 8.2 Sponsorship
  - 8.3 Borrowing and removing Club Gear/Equipment from the Clubhouse
  - 8.4 Recommended by the Committee that a new category of Membership, Social Member, be instituted - Social Members to have all rights and privileges relating to social functions, are not permitted to vote or to stand for Office, except for or as a representative of Social Members on the Committee.
  - 8.5 Any further urgent General Business
9. Presentation of Awards gained during the 1994-95 Season

*Nick Dixon*

**Hon. Secretary**

**Nominations - all nominations for Office for the 1995-96 Season to be in the hands of the Hon. Secretary at least one hour prior to the commencement of the Meeting.**

At the conclusion of the Meeting all in attendance are invited to refreshments.

# Sixteenth Annual Report & Balance Sheet For Season 1994-95

*To be submitted at the Annual General Meeting of the Club to be held in the Club House, Broulee  
on Sunday, 16th July, 1995 at 1.30pm.*

Ladies and Gentlemen,

**T**his 16th Annual Report and Balance Sheet is submitted to you for your consideration and adoption at the forthcoming Sixteenth Annual General Meeting of the Club. It covers the activities of the Club and its Members for the 1994/95 Season.

The prime object of the Club, that is the safeguard of the surfing public, has again been carried out faithfully and efficiently. Through constant 'Vigilance and Service', once again it is with pride that we record that no lives were lost on Broulee Beach. This has not been achieved with the full co-operation of all Members however with several of our Active Members content to allow the burden of patrols to be shouldered by their Clubmates. The Committee will be closely examining the Patrol records this coming Season and Members will be asked to account for their failure to attend rostered Patrols. Many thanks to all those who accepted their responsibilities willingly and honoured their obligations, completing their Patrols and at the same time enjoying what Broulee Beach has to offer.

The Club has had a busy year and under the capable leadership of President Terry Freeman, much has been achieved:

## MEMBERSHIP

The Membership of the Club as at 30th April, 1995 consists of the following categories -

<i>Life Members</i>	1
<i>Honorary Members</i>	9
<i>Senior Active</i>	58
<i>Under 18</i>	10
<i>U/16</i>	10
<i>Active Reserve</i>	8
<i>Long Service</i>	17
<i>Award Member</i>	13
<i>Associate</i>	28
<b>Total</b>	154

Junior Activities Membership  
is as follows:

<i>Junior Members</i>	27
<i>Associate</i>	17
<b>Total</b>	44

**Grand Total Club Membership** 196

## FINANCE

Hon. Treasurer Vince Lollback has kept close control of Club finances which are in a healthy position. The Committee saw fit to negotiate an overdraft with the Commonwealth Bank, Moruya near the end of the Season to complete new facilities in the Clubhouse. This overdraft will be honoured in the early part of our 1995/96 operations.

## NEW FACILITIES

A new bar and provision for a new kitchen and a Secretary's Office were major accomplishments by your Club. A tremendous amount of work has been done by several Members. The concept of these facilities has

## **Secretary's Report Continued...**

been discussed for many years and it was John Zanotti who drew up suggested plans and commenced the task of refurbishing the Club. Our Radio Officer, Col Gallagher, was to the fore with the relocation of our speaker systems and our television reception points. Justin McCarthy generously gave of his time and considerable expertise in fitting out the facility which we believe is second to none. It is difficult to properly assess the efforts of John Zanotti and Justin McCarthy in the completion of this project.

Along the way, considerable assistance has been given by Todd Hayward, Steve Rawlings, Brian King and Ross Manskie together with many other Club Members.

The Club has secured a Function On-Licence to allow us to operate these facilities and in this regard we acknowledge the efforts of our Honorary Legal Officer, John Edmunds (Kennedy & Cooke, Moruya) for his invaluable assistance. As we plan for the future we have been gratefully assisted by Rod Shanahan who is well acquainted with financial management.

The Club extends its gratitude to the above persons for their most welcome efforts and their support. The ultimate aim of this exercise is to make the Club financially independent. Broulee does not have a population power base held by other Clubs along the coast and the raising of finance is not easy. We have not been able to supply the facilities and equipment needed to operate the Club at its potential and we are confident that these facilities will give us the resources to do just that.

The facilities were opened by Russell Smith MP (Member for Bega) at a very successful function on 16th April, 1995. Also at this function was Russell's wife, Lesley, representatives of the Mollymook and Moruya SLSC's, several Guests who had made a contribution or gave assistance to the project and many Club Members.

It is pleasing to report that the people of Broulee have embraced the new facilities enthusiastically and are increasingly using the Club House and its facilities, (the only such facilities available in Broulee) for a variety of private parties and celebrations.

Involved with the development of the refurbished facilities from the beginning and charged with the success of their operation has been our House Captain, John Hall. John has worked tirelessly to ensure that the new facilities will benefit the Club in every way. The Club deeply appreciates the efforts of John and the support given him by his wife, Kerry.

### **SLSA AWARDS**

The Club has had its most successful year ever with a number and variety of SLSA Awards gained by its Members. A total of 62 Awards were gained by the Club Members during the Season and a complete list of those successful awardees appears in this Report. We trust that the Club continues this achievement during the coming Season.

### **COMPETITION**

It must be reported that the Club had a mixed year in Branch competition. When the Club attended a Carnival in force we could win the point score. However this was rarely the case and at some Carnivals we had only 2-3 competitors which reflects poorly upon our Club and those charged with the responsibility of organising our active members and particularly our younger active Members. It is a poor reflection upon this Club when we have abysmal representation at the Carnivals conducted by other Clubs in the Branch when we expect their support at our own Carnival. This situation must be assessed this coming Season.

**9th George Bass Surfboat Marathon  
Broulee Surfers SLSC - 2nd Overall**

**Aslings Beach, Eden, Saturday, 14th January, 1995**

*(l to r) Stephen Bunney, Steve Clayton, Jason Bunney, Simon Wilson, Ben Geir (obs),  
Peter Cook (Abs. Nick Ziviani [inj.], Stuart Croser, George Bunney [Manager])*

This coming Season this Club is charged with the responsibility of conducting the Branch Championships. This can be a top Carnival and we look forward to the support of all Members.

**GEORGE BASS SURFBOAT MARATHON**

The 9th George Bass Surfboat Marathon was conducted by the Branch between 8-14th January this year. Our Broulee Crew, consisting of Jason Bunney (sweep), Steve Clayton, Nick Ziviani, Steven Bunney, Simon Wilson, Stuart Croser, Peter Cook, Ben Geier, Mick Ginman and George Bunney (Manager) competed with great success, gaining credit for their crew and for Broulee in gaining second place to Batemans Bay. They gave of their best and were narrowly shaded by the Bay who pushed our Crew into second place on six legs - one leg with a one second margin after a row of over 20 kms! Congratulations to the crew and to all their support crew.

George has announced that he and Val are sponsoring a new boat and will donate the 'Sursolac 2' to the Club. The Club is most appreciative of George and Val's generosity. After discussion with George it has been resolved by the Committee that 'Sursolac 2' will be stationed in Canberra for at least the lead-up to the 1997 George Bass Marathon where it will be available for training.

## AUSTRALIAN CHAMPIONSHIPS

A team of some 20 Members made their way in groups to Kurrawa on the Gold Coast for the Australian Championships which were held on the weekend of 7-9th April. The team consisted of four boat crews and Greer Dixon, our only beach competitor.

Our boat crews competed as follows:

- **Reserve Crew** - eliminated in Round 1

Gavin Hunt (Sweep)  
Mark Hogan  
Ian Quirk  
Stephen Heffernan  
Tony Fogarty

- **Ladies Boat Crew** - eliminated in Q/Final

Jason Bunney (Sweep)  
Liz Moller  
Emma Darby  
Cate Coddington  
Amanda Brian

- **Open Crew 'A'** - eliminated in Round 2  
(after a Repercharge).

Jason Bunney (Sweep)  
Steve Clayton  
Simon Wilson  
Steven Bunney  
Peter Cook

- **Open Crew 'B'** - eliminated in Round 4

Nick Dixon (Sweep)  
Jared Antony  
Ben Geier  
Matt Hunt  
Gavin Hunt

- **Greer Dixon** - performed creditably in the U/18 Beach Flags but was eliminated in the early rounds of this event. She ran brilliantly in the U/18 Beach Sprint securing a place in the final where she was awarded a well-earned fifth place.

## PUBLICITY

The 'Broulee Brag' once again was used as our main communication with Club Members. This Club Circular is popular with our Members and is most useful in advising them 'what is going on'. We thank Claudia Dixon for the compilation of the 1994/95 'Broulee Brags' and for the distribution in which she was assisted by Kerry and John Hall.

## CONCLUSION

The Club can be proud of its achievements for the past Season. For my part it has been a pleasure to work with your elected Officers - the Committee Meetings are positive and productive.

I believe the Club is entering a new era and must take every advantage of the opportunities given.

It is imperative that stability be maintained at Committee level and that Members give full support to initiatives commenced. It is equally important that Members of all categories fulfil their commitment to the Club especially those obligated to Patrols, the very essence of surf life saving.

Many thanks to you all for your contributions during 1994-95 - may our Club continue to prosper in 1995-96.

*Nick Dixon*

**Hon. Secretary**

## Club Captain's Report

---

**W**ell I'm happy to say that no lives were lost on our Beach this season. I think sometimes we lose sight of the fact that we are a Surf Life Saving Club and our initial responsibility is to the Community of people who use our Beach.

Within the SLSA there is a commitment to protect the public ensuring their safety, and educate those who use the beach. This season, we as a club have successfully carried out these functions, training new members and further educating current members. However, sometimes as a Club we have not done as well as we could have in some areas. I urge all members to encourage each other to continue seeking further awards. In this we can also participate with the Junior Activities Committee (who I applaud in their efforts this season) in keeping young members of this Club interested in its functioning and involved in its running. Efforts such as this make the job of formulating patrols, and the actual patrols themselves, much easier for myself and more enjoyable for club members. This is because of the diversity of characters within our club.

I would also ask that we seek to become more professional in our approach to conducting patrols. This includes our identification on the beach, the setting up of patrol and the way we conduct ourselves when there are people on the beach. By maintaining a high degree of professionalism we enhance the profile of the Club and continue to be the credit that I believe we are to the local community.

This season we again welcomed a group from Copeland College into the Club and assisted by a few people from last year they gained their Bronze at the beginning of the season. We also saw the return of a few persons who have been

members in past seasons and this has enabled the Club to keep growing strongly. A small group of local Constabulary also descended upon the Club and what effect that has had is yet to be determined. But whatever the affect I know that most involved with our Club this year have thoroughly enjoyed themselves this season and look forward to the next one.

One of the highlights of this season was the strong touring 'party' that Broulee had at the Australian Titles in Kurrawa in April this year. Congratulations to Greer on a great fifth in the U/18 Womens Beach Sprint. Well done to my 'Girls' who managed a very creditable quarter final appearance in the Invitational Womens Boat Race. Not bad for your first carnival. While the two A crews tried well and my crew looked good we can all be proud that we were there.

Now you come to the thanks; well first of all I would like to thank the committee for their help in trying to get through this job. Then I would like to thank all those who conducted and participated in patrols this year including the Patrol Captains. Special thanks to my Patrol "The Boyz", and to my "Girls" who learned fast, rowed hard, and played harder. To Les for fixing up the work of my alter ego Captain Titanic (sorry Liz).

Then a final thanks must go to a bunch who on a January afternoon decided "What the hell, we'll have a go!" To Bert the fashion co-ordinator, Ernie the social director, Agro, and Mum and Dad. Thank you for all your help and the FUN.

I hope to see you all in the new season involved with this great club.

*Ian Quirk*  
**Club Captain**

## IRB Captain's Report

---

**A**nother busy season for the IRB'S, with normal Patrol usage also with the Nippers on Sunday mornings.

Good to note that no lives were lost on the beach.

During Patrol use and training make sure all pre-checks are carried out and fill out the log books and signed by the Patrol Captain. Have the leg of the outboard in deep enough water so sand and grit doesn't get sucked up in the impeller around the cooling system (thermostat) in the power head - same goes for returning to shore.

Keep your distance (18m - 50ft from flagged area unless in a rescue situation. NB five hours should be logged in 1.5 to 2.0m surf, a minimum of fifteen hours all up.

On the maintenance side, the Zodiac had a service up the coast.

Johnson No1, gearbox oil changed, impeller checked for wear, the carburettor stripped and cleaned, cavitator plate crack welded and a doubler plate welded to it for extra strength. The stainless steel prop guard was welded, the fuel filter cleaned and new spark plugs fitted.

Johnson No 2 completed 10 hours of running in use ready for the first service at the dealer.

Tohatsu, new spark plugs fitted, thermostat inspected, starter rope housing replaced, safety gear linkage bracket replaced, carburettor stripped and cleaned, fuel pump stripped and cleaned, impeller replaced, gearcase oil changes, top and bottom gearcase seals replaced, stainless steel propeller guard cracks repaired and propeller centre re-bushed.

Purchased two new 20 litre fuel tanks. Cleaner fuel, NB any motor uses leaded petrol only unless the exhaust is fitted with a catalytic convertor.

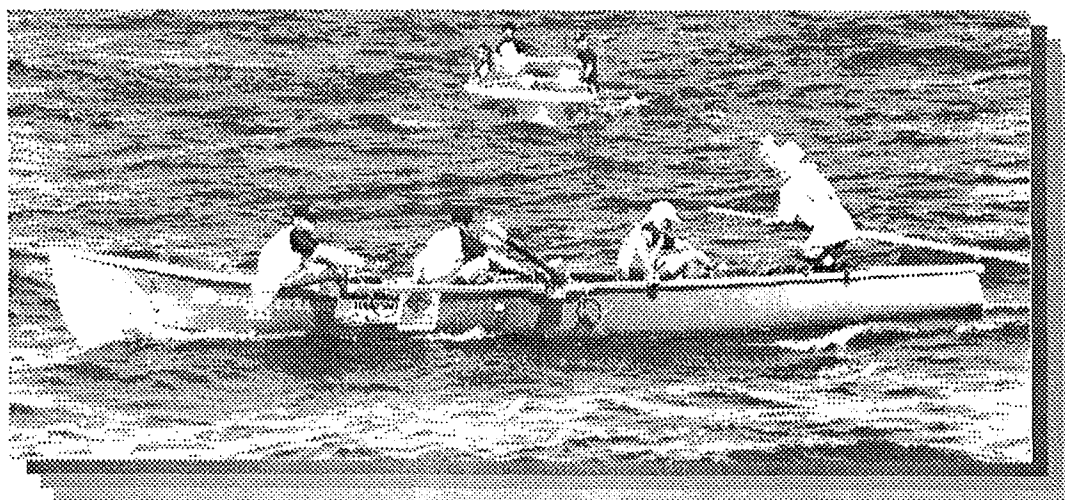

Two fire extinguishers were mounted on the walls.

I would like to thank Nick for phone calls, organising parts etc, John Zanotti for mounting the fire extinguishers, the Colonel and Hendo for help lifting the motors, not to mention the grease & oil they mopped up with their clothes.

Also my thanks to my partner and staff (Batemans Bay Engineering) for helping me with some repairs and for the use of equipment.

All the best for the Season.

*Peter McKay*  
**IRB Captain**

## Board and Ski Captain's Report

---

Once again, the Surf Life Saving Season is complete and we can look back on a season of mixed success.

Firstly the achievements of a few individuals should be mentioned. Todd Hayward showed that he is the premier athlete on the Far South Coast. His board and ski abilities, combined with his swimming, resulted in him winning many events.

**TODD HAYWARD**  
**1994-95**  
**Patrolman of the Year**

*1st Far South Coast Branch  
Open Surf Race Championship*

*1st Far South Coast Branch  
Open Surf Teams Championship*

*1st Far South Coast Branch  
Open Iron Man Championship*

*1st Far South Coast Branch  
Open Surfboard Race Championship*

Greer Dixon once again dominated her age group and had continued success at State and Australian Titles.

Bruce McWatt proved that, provided he didn't fall off, he was the fastest ski paddler around.

The McCarthy brothers once again showed us how it should be done.

The most encouraging part of the Season, though, was seeing people compete in board and ski events for the first time. Tim Corey, Mark Dawson, Kate Cameron and countless others had their debuts. Justin McCarthy Snr & Co had our Nippers having a go for the first time and it will be good to see them coming through in the years to come.

Aside from the competitive side of things there are a number of other issues. Firstly, the old one of equipment care comes up. Don't forget to wash a board or ski down with fresh water once you've finished in the surf. If you do accidentally damage something please tell someone - the Board & Ski Captain, the Club Captain or even your Patrol Captain would do. You don't have to pay for it and it may save a life.

Once again thanks to Les Byrnes for his unrewarded efforts. A true Club man.

So look to next Season. Let's see a few more of you using the gear at Carnivals. The skills you learn & use there may come in handy.

*Adrian Craft*  
**Board and Ski Captain**

## First Aid Report

---

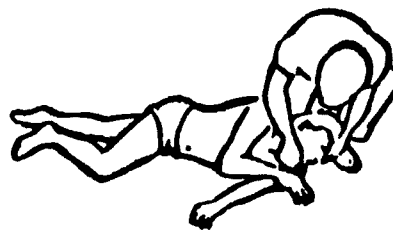

**T**he good news from the First Aid Room is that it has been a fairly quiet season. The bad news is that the Surf Club recommends vaccination against Hepatitis B for all active members.

All reported treatments of first aid during this season were of a minor nature except the odd hangover that I believe required more extensive resuscitation! There were a small number of treatments for minor cuts and abrasions and 44 reported treatments for Marine Stings. Thank-you to Quirky for the continuous supply of Stingose - how big was the truck.....?!

*Recommended first aid treatment for Bluebottle and other jellyfish stings on the South Coast:*

- Remember to wash off remaining tentacles with water and apply ice for at least 15min as vinegar may cause further stinging. Vinegar (& resus) is the treatment for the dangerous Box Jellyfish or Sea Wasp in tropical waters. Warm to very warm water (not burning) for Stingrays. Pressure and immobilise (& resus) treatment for Blue Ringed Octopus.

Special First Aid Room Bravery Awards go to the 29 members who received initial or booster Hep B vaccinations! The Club recommends vaccination for active members or anyone who may be exposed to the Hepatitis B virus. The virus is spread by contact with infected blood or body fluids. Immunity gained from Hepatitis B vaccination is not necessarily permanent or lifelong, boosters may be required.

If you are an active member you should know your current Hepatitis B immune status determined by a blood test. Whatever your immune status and whatever the virus the best protective measure is to always to treat any human blood and body fluids as infectious.

Thank you to all Club members, committee members and supporters for your work and assistance this season.

Looking forward to a quiet one in 95-96!

*Kim Griffiths*  
**First Aid Officer**

---

## Radio Officer's Report

---

**D**ue to the renovations that we were undertaking within the Club this season, temporary power supply to the Radio Room had to be used.

Supply has now been restored.

Hoping this was not too much of an inconvenience to Patrol Captains and Radio users.

*Colin Gallagher*  
**Radio Officer**

## House Captain Report

**T**he year has been very good as far as progressive changes in the Clubhouse are concerned, with the new bar operating and the kitchen which is yet to be fitted out when funds are available. Also the cellar is fully operational with the coolroom, beer lines, gas lines, gauges and ice machine all working to assist the quality product being served at the bar, which has been commented on as being the best and cheapest on the coast. So I would like to thank all those people who put in the time and effort and product that has made this venture so successful, socially and financially sound. Let's keep up the good work because there is a lot more work and product to be achieved.

To make this work there will have to be some strict rules put in place to stop wet feet and sand walked up the carpeted stairs and on to the polished floor. Also no drinking of alcohol on the Club premises unless supplied by the Club. The accommodation at the Club may have to be downgraded until funds become available to supply full accommodation for the Members which will happen in the near future.

Remember this is to benefit all the Members and their guests.

So let's all work together to make this the surf club that everyone wants to belong to. If you have any grievances please bring them to the monthly meetings so they can be sorted out, instead of dragging the Club down with stupid back-stabbing.

If the cap fits, wear it!. So let's all drink, eat and party together and be one happy family. See you at the Clubhouse!

*John Hall*

**House Captain**

## Maintenance Officer

**W**hat a year for the club house!

The acquisition of a fully fledged bar, probably the most significant step into the future for the Broulee Surfers Surf Life Saving Club.

This step began with a concept which resulted in a function licence and involved members pulling together.

The beginning of the construction was a most enjoyable time for me. From drawing up the plans to final completion involved one year of spare time.

The final step of construction was to involve more members coming to the fore. This relay of baton changing between members was the most pleasing and fulfilling process of all, which demonstrated the ability to fit in when required and let others do their bit. The results speak for themselves.

There are too many names to mention but I thank the other members for their combined effort.

Hoping that the future may again sometime allow me to remain in touch.

*John Zanotti*

**Maintenance Officer**

## Nipper Report

**T**his was our first season at Broulee and after a late start to the season we had an average of 30 children each Sunday on the beach. The kids have been very enthusiastic and have shown great improvement with their skills in the surf and on the beach for their short time as Nippers.

Thanks must go to many people for their efforts in getting the Nippers off the ground:

- *Parents who came each Sunday and helped on the beach and in the water.*
- *Senior members who also helped out.*
- *Mollymook Surf Club for their donation of seven fibreglass nipper surfboards.*

- *Tomaga River Social Club/Tomaga River Social Club Fishing Club for sponsorship for the purchase of 5 foam surfboards.*

- *Les Byrnes for the repairs carried out on the surfboards.*

The future success of Broulee Nippers now depends on the formation of a Nipper Committee for next Season to continue to build a successful Club.

*Justin McCarthy*

.....  
Brian R. Hingston, B.Bus., A.S.A.

KEAREY, FLYNN AND BANNON

Dated: 1st June, 1995

## Treasurer's Report

---

**T**he years in which I have held the position of Hon. Treasurer have all had one thing in common — change.

The 1994-1995 season has been no exception. With the Club's successful application for a function licence, a bar and attendant facilities had to be installed. These proved to be the major items of expenditure for the year. The properly supervised administration of the bar will see major spin-offs to the Club in terms of lifesaving equipment and social functions which will bring members together. It will be seen to pay for itself.

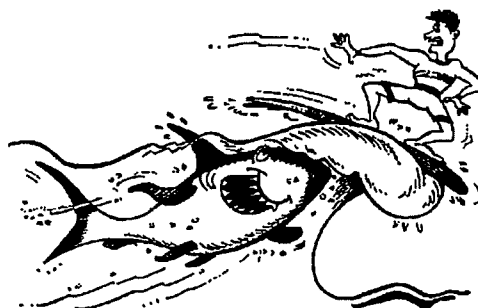

The following organisations and people need to be thanked for their generosity in the 1994-1995 season:

<b>Broulee Caravan Park</b>	<b>\$1,000.00</b>
<b>The Carter Family</b>	<b>\$1,000.00</b>
<b>The Dolphins Rugby Club</b>	<b>\$100.00</b>
<b>The Wensing Family</b>	<b>\$50.00</b>
<b>The Tomago River Social Club</b>	<b>\$250.00</b>
<b>The Tomago River Fishing Club</b>	<b>\$125.00</b>

I would like to thank our Auditors, Keary, Flynn and Bannon, and Mr Brian Hingston, in particular, for the professional preparation of the Club's Financial Statement. Because I have indicated my intention not to stand for office in the 1995/96 season, I would also like to thank all those, both Executive and Members, who have helped me in this position.

*Vince Lollback*

**Hon. Treasurer**

---

## Eurobodalla Paper Chasers

---

To raise funds Broulee Surfers S.L.S.C. is one of five other community clubs that make up this recycling organisation.

It involves regular weekly pickups of paper and cardboard, (THANKS GREG & ALAN). Every 7 weeks the club is rostered for crushing and baling of the deposited materials.

Thanks goes to the regular crews who man the press and load the truck.

Income earned by the Paper Chasers is divided between the clubs involved. Last financial year the club received \$2,000 for its efforts. Well done the workers.

*Terry Freeman*

- **Frank Stack** (Mossy Point) - for assistance with repair of television sets.
- **Bells Electrical Services Pty Ltd** - for installation of television antenna.
- **Phil Jones** - for the layout of this Report.

## President's Addendum

---

**C**ongratulations to all those members who have given of their time and efforts towards making our Club the very best.

Thanks and support for their comments in the annual report goes to all committee members.

This Surf Club was started to put lifesavers on the beach for the protection of the public. As the club grew so too did membership, equipment for use by members and club house facilities to benefit the community at large. The past season has seen yet another facet added to the clubs community and service involvement -NIPPERS.

With the support of our sponsors and fund raising activities we have been able to operate successfully.

Ever increasing costs for maintenance and purchasing of equipment and facility improvements place a greater burden on those hard earned dollars. To be able to continue to provide the service to all those mentioned above the club has had to develop a strategy for funding that is not a constant drain on our members and sponsors.

Through providing another facility available to all in the community we generate a regular income so that our club can provide all members with the equipment and facilities they deserve. Over the last season the physical set up of the bar and its function license have been put in place. Given your continued support it can fund the club into the next century.

There is still plenty to do:- club patrol rewards, surf equipment (Life Saving & Competition), kitchen, bunk room, security, caretaker..... to name a few .

It will take time and effort.

If you want it we can do it - together.

*Terry Freeman*  
**President**
